

ROCK ISLAND FIGHTS PRESENCE OF MIND SANTA FE FOR BIG OF ENGINEER MAIL CONTRACT AVERTS BAD WRECK

QUARTER-MILLION DOLLARS PASSENGERS SHAKEN UP
IS THE PRIZE AT STAKE BUT NO DAMAGE DONE

California and Golden State Limited
Schedules Cut Down in Big
Race Against Time.

Albuquerqueans who have watched the lightning motions of the locomotives and the 424 men and the car inspectors when the California Limited comes thundering into this city from the east have more than once expressed admiration of the smooth and clock-work-like manner with which the train is put into shape to resume its swift flight across the mountains and deserts to the Pacific coast. Everything is in readiness, fuel and provisions are what not, before the train arrives and it is but the work of a few moments to couple on a new engine, re-stock the train and send it flying on its way again without the loss of an unnecessary moment.

While it is the object of the company to get this superb train through in the shortest possible time, on account of the passengers there is something more at stake.

Fighting to secure a big mail contract between Kansas City and Los Angeles, the Santa Fe and Rock Island roads began a spectacular speed war at the beginning of last week. The spoils of the war is a contract worth \$250,000 a year, to carry the mail between Kansas City and southern California.

The profits of this contract will be equal to almost the entire sum received, because both roads have to carry mail cars on their California limited trains to the city in forty-five minutes, and the through mail will amount to but ten or twelve tons a day. Already both roads have reduced the running time between Kansas City and the coast from thirty to forty-five minutes, and it is probable that before long faster time will be made.

The new time card, which took effect November 12, schedules the Santa Fe's California limited thirty minutes shorter time between Kansas City and Los Angeles, than heretofore, and to meet this the Rock Island's Golden Gate limited train is being run as a schedule of forty-five minute reduction in time. This reduction will become effective when the Rock Island's new time card goes into effect on November 26.

SANTA FE STATION IS A "HOUSE OF TROUBLE"

The roof of the Santa Fe station is going on in spite of the cold weather, the roofing being the thing presently under reconstruction, says the San Bernardino Times-Index. But at the same time, the job of raising the old barn is being carried on with as much enthusiasm as ever. It was awfully sagged down in places, and the hickories set in their line work in the subterranean depths, the clerical upstairs are treated to sundry surprises. Cracks will sometimes open in the wall with suddenness that is almost eerie. They will not be very large, not dangerous, but just large enough to admit a southerly wind, cold enough to cause the recipient to change his seat without loss of time, if he may. Doors that were perfectly hinged are found bound hard and fast, others absolutely refuse to close, catches are cocked to one side. After a while the whole building will have been brought to a level, but as it is being leveled now it is very strongly suggestive of the legendary "house of trouble."

The Exact Thing Required for Constipation.

As a certain purgative and stomachic, Chamberlain's Stomach and Liver Tablets seem to be the exact thing required, strong enough for the most robust, yet mild enough and safe for children and without that terrible griping so common to most purgatives, say R. S. Webster & Co., Uxbridge, Ontario, Canada. For sale by all druggists.
